**Plus**

With Special Guest Speaker

**Ella Hibbert**

Here at Suffolk Marine Safety, we are proud to be hosts to a special open day to launch the NEW! Mustang Survival '**Atlas 190 Pro Sensor**' Lifejacket on the 9th of April 2024.

The event will include an introduction to the New 'Atlas' lifejacket, a demonstration of how to service a lifejacket and an overview of various electronic safety devices and their role in aiding rescue and recovery.

## Special Guest Speaker

We are also very pleased to announce that there will be a special guest appearance from [Ella Hibbert](#) who is hoping to be the first person to solo circumnavigate the Arctic Circle whilst raising awareness of climate change and the effects on Polar Bears.

The event will include tea and coffee on arrival, a light lunch, and the opportunity to browse our shop and showroom.

Don't miss out on this fantastic opportunity to enhance your understanding of marine safety!

Book your place today, by completing our online registration form.

# PROGRAMME

## 9:30 – 10:00 | Arrival

Attendees are welcome to arrive from 9:30, where teas and coffees will be provided.

## 10:00 – 10:15 | Introduction to Suffolk Marine Safety with Managing Director Roland Mann

## 10:15 – 10:45 | Introduction to Mustang & the New 'Atlas Pro Sensor 190' Lifejacket with a Mustang Representative

## 10:45 – 11:15 | *Guests are split into two groups for the following part*

### Group 1

#### Life Jacket Servicing Demonstration

Learning from experts can be a great way to gain valuable insights.

This is an opportunity to learn more about the test and survey when it comes to servicing lifejackets.

### Group 2

#### Electronic Safety Devices Talk

Attending this insightful presentation on the latest Marine Electronic Safety Devices will help you gain confidence in emergencies.

You'll learn about the technologies available to assist and aid in a speedy recovery, so you can feel more prepared for any situation.

## 11:15 – 11:30 | Refreshment Break

## 11:30 – 12:15 | Solo Arctic Circumnavigation Expedition talk with Special Guest Ella Hibbert

Ella is a 27-year-old female British sailor embarking on a record-setting sail of being the first woman to solo circumnavigate the Arctic, non-stop. The voyage is to raise awareness about global warming, climate change, the endangerment of Arctic wildlife, and the importance of pushing towards using alternative sources of power.

## 12:15 – 12:45 | *Guests are split back into two groups for the following parts*

### Group 2

#### Life Jacket Servicing Demonstration

### Group 1

#### Electronic Safety Devices Talk

## 12:45 | Lunch, Browsing and Questions

We have included a light lunch as a part of the event and you'll have the chance to browse our showroom. When you're ready to leave, don't feel obliged to stay. We want you to feel comfortable and not obligated to stay longer than you'd like. Guests will also have an opportunity to chat with any of our experts and ask questions.
